A Word from our Liturgy Roster Co-ordinator

The new liturgy roster for October and November commences this weekend.

We are very short of volunteers at some Masses, so if you are not rostered on and are at a Mass, please let the facilitator know you are available to help out. Thank you to all the regular volunteers, especially the ones who are rostered almost every week! Thanks also to the new volunteers – your contribution is much appreciated.

As it is now October, our Year 11 & 12 students will soon begin to sit their **ATAR Exams** (some have already started their practical exams).

If you have any students in your household who are in Year 12 especially, please include their name on the intention list in the **foyer of the church** so we can include them in our prayer intentions.

'How beautiful upon the mountains are the feet of the messenger who announces peace, who brings good news...' **Isaiah 52:7**

In Hakha, a remote town in the mountainous north of Myanmar, St John's School is educating local children with a child-centred methodology. Three of the teachers at St John's have been trained through the Pyinya Sanyae Institute of Education (PSIE) in Yangon, and have been posted to this school to help local children learn in a modern way that maximises their potential. Your support through Catholic Mission can enable PSIE to continue training teachers and help improve education across the country. You can also help St John's School add grades to ensure continuity of education, and become economically sustainable. You will have an opportunity to become an integral part of this inspiring work by joining as a monthly giving partner. This regular contribution will directly support education in Myanmar.

The Bishops would like to give these couples a special commemorative certificate as part of the celebration. Couples can register for a certificate at www.brushfire.com/marriage-mass/445456.

PLENARY COUNCIL

As more and more people across the country learn about the Plenary Council process and realise they are able to help shape the agenda for the Council, stories of conversations taking place in innovative ways are emerging. At the National Aboriginal and Torres Strait Islander Catholic Council assembly this week, the rich tradition of "yarning circles" is being practised and has been an opportunity for all people attending to reflect deeply on the future to which God is calling us.

Additionally, a number of wonderful Catholic secondary school students are visiting aged care communities to have an inter-generational conversation about God, faith and life. Young people are hearing the stories of older Australians and their hopes for the Catholic Church, as well as sharing their own. Check out the plenary council website to see what's been happening around Australia. At the end of this month we will be having our own large dialogue session in the Parish Centre, but in the meantime, you are welcome to enter your own submission at: plenarycouncil.catholic.org.au
